

Zamboni Power Edger

The Power to Perform

This brochure is a PDF internet version posted on our website for reference only. The Zamboni Company assumes no responsibility for its content or use. For product and sales information, please contact the Zamboni Company at www.zamboni.com

ZAMBONI®

Nothing else is even close

Get an edge with these features:

- Powerful **10.5-HP engine** is the largest in the industry. Features internal counterweights to reduce vibration for long life and smooth performance.
- Wide **18-inch cut** includes **eight sided** cutters that last longer and reduces replacement time and costs.
- Contoured snow chute **directs snow** to center of ice-not on the boards or operator. Adjustable board guide is standard.
- Heavy-duty **steel plate** body and runners provide stable "wander-free" control. Baked-on powder paint and zinc electroplating is used throughout for **corrosion protection**.
- Large rubber wheels are permanently mounted for **easy on/off ice handling**.
- Engine and depth **controls are conveniently located** on the handle near the operator. Plastic bushings and spherical bearing ensure trouble-free operation.
- Weight: **Gasoline Model**
150 pounds (68 kg)
Propane Model
200 pounds (90 kg)

ZAMBONI

Wide 18-inch cut includes eight sided cutters.

Propane option is effective in reducing emissions.

Electric start option is available.
