

Richard Zamboni... President  
Zamboni, Inc.

The world's finest ice resurfacing machine is  
made in a town that hasn't seen snow in 100 years.

To people who know skating, the name "Zamboni" is a household word. From the Olympics to professional hockey, the Zamboni® is the ice resurfacing machine of choice. The Zamboni family has been manufacturing their machines in Los Angeles for three generations. And today, over 4,000 Zambonis are in use worldwide. Ideas that are remaking the world are made right here in L.A. That's why Los Angeles today is number one in manufacturing. And the best place to expand your business. Call the New Los Angeles Marketing Partnership at 1-800-7LA-FACT. We can help your business grow.
